

RVsecure Android App

RVsecure has a free App in the Google Play store that will link directly to the RVsecure tracking system. The app will provide you with:

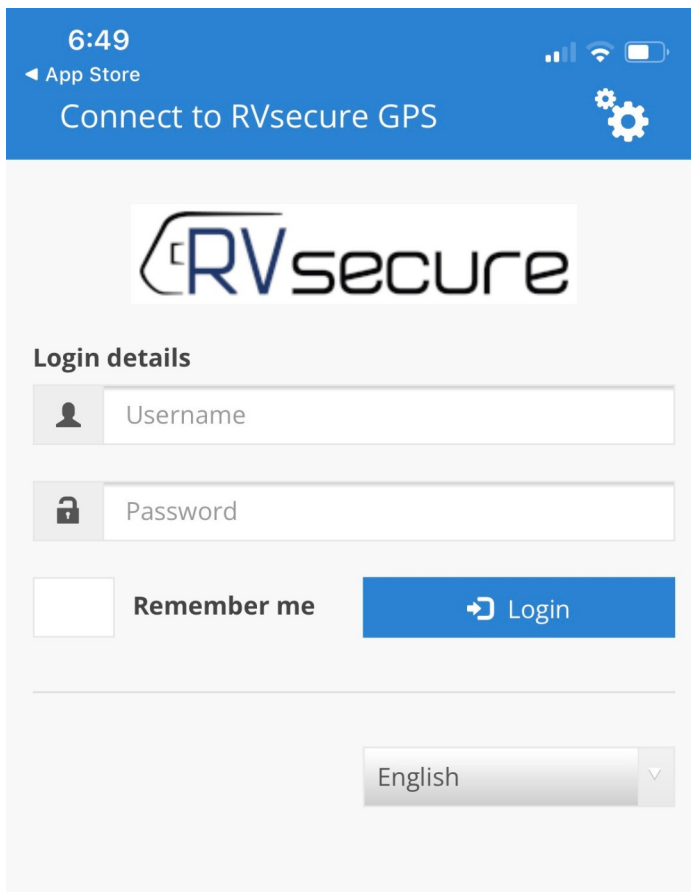

- 1/ Notifications of Alarm Events
- 2/ Tracking of your vehicle

Go to the store and search “RVsecure”

Once installed open the app.

The app will then open the RVsecure login screen.

A screenshot of the RVsecure login screen. At the top, there is a blue header bar with the time '6:49', a back arrow, 'App Store', signal strength, Wi-Fi, and battery icons. Below the header, the text 'Connect to RVsecure GPS' is displayed next to a gear icon. The main content area has a white background with the RVsecure logo. Underneath the logo is the heading 'Login details'. There are two input fields: 'Username' with a person icon and 'Password' with a lock icon. Below these is a 'Remember me' checkbox and a blue 'Login' button with a right arrow icon. At the bottom, there is a language dropdown menu currently set to 'English'.

Enter your RVsecure username and password, check the “Remember me” box and press login

Apps and Sleep / Deep Sleep

Most phones operating software puts apps in a sleep / deep sleep mode if unused for a period of time, this can effect the timeliness of app notifications. Please consult your relevant operating system documentation for how to turn this off for the GPS app.
