

**RVsecure safeGuard Sensors**

[rvsecure.com.au](http://rvsecure.com.au)  
Made in Australia

## Sensors - Supplemental

RVsecure offer a number of alarm system sensors that either come as standard in our kits or can be added to one of our systems.

### PIR Detector

PIR stands for Passive Infra Red and works by sensing a change in the infra red radiation. The safeGuard PIR is a wireless detector and is included in both the Protector and Platinum kits. Additional PIR's can be added to either system (please see manual on how to add).

Suitable for: Platinum, Protector

Battery: 2x AAA  
SKU: RVS\_PIR

### Reed Switch

Reed switches are used on opening doors, hatches etc and consist of two parts, the Reed and the Magnet. When the reed/magnet are moved apart the sensor activates. One Reed switch is included as standard in the Platinum kit.

Suitable for: Platinum, Protector

Battery: 1x CR2032  
SKU: RVS\_REED

### Emergency 'Panic' Switch

Emergency switches are a press button switch that tells the alarm to show/sound an alert.

Suitable for: Platinum Only

Battery: 1x A23  
SKU: RVS\_EMERG

### Vertical Door Opening Sensor (VDOS)

Caravans have a lot of doors, hatches and toolboxes that work by opening on a vertical plane. The VDOS has the same body as the Reed switch and is attached to the inside of the door. VDOS sensors are exclusive to RVsecure.

Suitable for: Platinum, Protector

Battery: 1x CR2032

SKU: RVS\_VDOS

### PIN Switch

Our PIN switches are strong and made to last. PIN switch – 8mm mounting hole, strong plunger that wont bend as some others do. They come in a pack of 3 and include connectors.

Suitable for: Platinum, Protector, Zero, Defender

SKU: RVS\_PINSW

### PIN Bracket

Our PIN switch mounting brackets help with mounting PIN Switches in difficult areas. Brackets – Stainless Steel, powder coated with an 8mm hole for the PIN switch. They come in a packet of three

SKU: RVS\_PINBR

## Wired Reed Switch

Wired reed switches are used for doors, hatches etc. They activate the alarm when separated. They come in a packet of two.

Suitable for: Platinum, Protector, Zero, Defender

SKU: RVS\_REEDNO
